TOM WATSON WANTS TO KNOW.

If This Isn't Confiscation, What is lt?

From Thomson, Ga., I shipped one thousand feet of lumber to Fort Lauderdale, Fla. The lumber consisted of undressed planks, and was tied securely in bundles, so as to be easily handled along with other freight in a box car, the value of the lumber being about ten dollars.

The freight bill presented by the railroads was fifty-seven dollars and some cents.

Before paying this freight bill of \$57 on lumber worth \$10, I want the opinion of ex-President Cleveland as to its reasonableness. And I want that would give 100 men employment him to give me the benefit of a "quiet hour" cogitation. No delirium tre-It could start a buggy factory that mis business will fit this case.

Bitten by a Spider.

Through blood poisoning caused by a spider bite, John Washington, of Bosqueville, Tex., would have lost his leg, which became a mass of running sores, had he not been persuaded to t ry Bucklen's Arnica Salve. He writes: "The first application relieved, and four boxes healed all the sores." Heals every sore. 25c at Barclay & Groover, druggists.

Another Couty Division Fight.

A called meeting of citizens was held in the city hall Saturday afternoon to consider a proposition from he Wauchula people looking to the creation of two new counties out of parts of DeSoto. About forty were resent and discussed the matter. The prevailing sentiment was that the cause is a just one, and if not acted upon now, would have to stand over for possibly ten years. Accordingly, it was decided to appoint the necessary committees to prepare a new county bill, with the requisite, data, and present the same to the Legislature as soon as possible, and the committee; are now at work. It is generaly believed that the sense of justice and the Democratic principles residng in the members of the Legislaure will induce them to grant all the ew counties asked for. The comni tees having the matter in hand will cooperate with similar commit-Wauchula.-Punta Gorda Herald.
